How to Handle Materials

- ✓ **Bring Wastes in Original, Sealed Containers**
- ✓ **Do Not Mix Wastes**
- ✓ **Pack Wastes In Sturdy Boxes and Separate with Newspaper**
- ✓ **Put Boxes in Trunk of Car or Bed of Truck**
- ✓ **Do Not Bring Children or Pets if Wastes are Carried Inside Vehicle**

Proof of Residence Residents will need a current beach or dump sticker, a driver's license, vehicle registration, property tax bill or utility bill with an address in Eastham.

Questions Eastham Health Department • 508-240-5900 x229
Barnstable County Hazardous Materials Hotline • 800-319-2783

Dispose of these products in other ways

- Latex paints, and water-based stains and finishes are **not considered hazardous**. Open cans and allow the liquid to dry, or add kitty litter to the cans to absorb the liquid. When the liquid is dry or fully absorbed, dispose of the open can in your trash.
- Medical or Biohazardous Materials, Syringes—check with doctor for disposal information
- Explosives, Ammunition, Fireworks or Flares—check with Police or Fire Department for disposal
- Smoke Detectors—place in cardboard box, tape shut, dispose of in trash

Recycle these products at the Eastham Transfer Station

Recycling these products at the Eastham Transfer Station provides residents with year-round access to disposal.

- Used Oil and Oil Filters
- Lead-Acid and Rechargeable Batteries
- Empty Fire Extinguishers
- Empty Propane Gas Cylinders
- Televisions and Computer Monitors
- Empty Cans and Dry Paint Cans
